It is the complete responsibility of each player's parent to arrange transportation for their child to and from all Tuscaloosa Warriors athletic events.

It is the expectation of the Tuscaloosa Warriors that parents will transport their own children. If the parents do not transport their own children, it is the policy of the Tuscaloosa Warriors that parents arrange for another parent to transport their child(ren). **The Tuscaloosa Warriors do not support in any way a player transporting themselves or other players to any Tuscaloosa Warriors athletic event.**

If a player makes the decision to give transportation to other players or if a player makes the decision to seek transportation from another player, then that interaction and any results of that decision become the unequivocal responsibility of the players involved and their parents. Tuscaloosa Home Educators and any volunteer associated with the Tuscaloosa Warriors are completely exonerated from any liability or responsibility.

We, the undersigned, understand that we are completely responsible for the transportation of our child to and from all Tuscaloosa Warriors athletic events.
